

# DTS-RM170Wx3 Series

19" 8U Rack Mount Display w/ Triple 17" Widescreen LCDs

Our DTS-RM170Wx3 Series showcases another form factor available using our multi-screen technology. This new platform is targeted specifically for use in a fixed 19" rack mount environment enabling more efficient use of existing rack space.

Key Markets for the DTS-RM170Wx3 include; IT, Surveillance, Broadcast, Medical and even Military.

The DTS-RM170Wx3 can be configured with a variety of inputs including VGA, DVI, S-Vid, CVS, YPbPr, and even HDMI, and even Coaxial 3G HD/SD-SDI as well. We've even developed a High Bright option for daylight readable situations.

These units are incredibly configurable so contact our sales department to find out how we can customize one for your application.
