APPLICATIONS

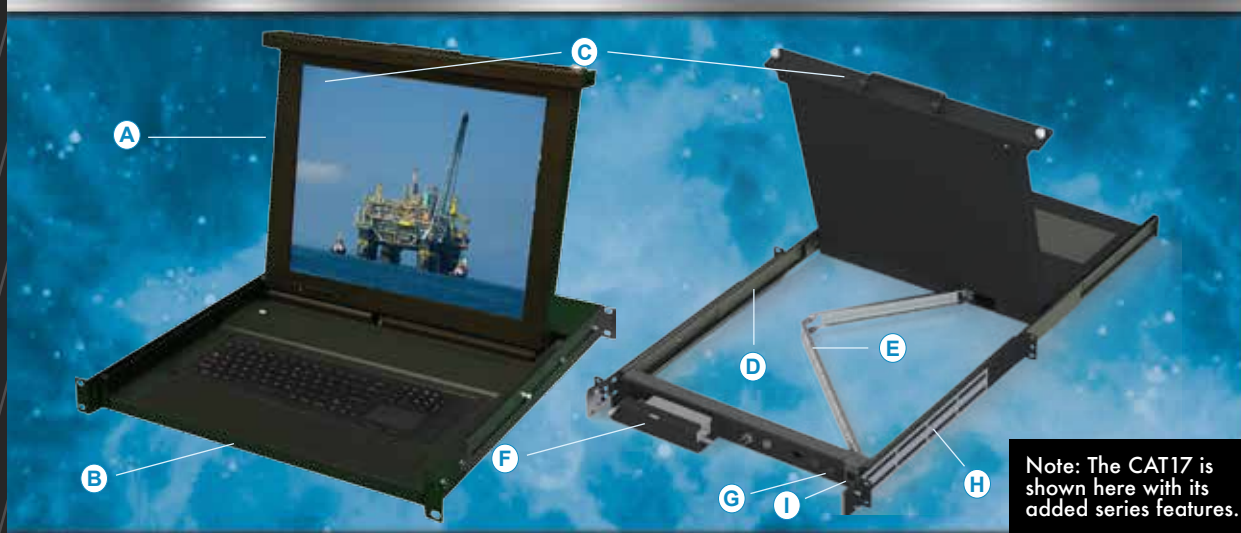

SERIES

RD1U - CAR17

When short depth and light weight are strict guidelines, the CAR17 Series are the perfect fit. This series will fit into a 17" deep rack or transit case, weighs in at a mere 17 lbs. and uses a pass-through cabling system. The RD1U-CAR Class is slightly limited in keyboard, controller and monitor options, but more than makes up for it with its ability to stand up to dust and water ingress.

DIT: THE INDUSTRY LEADER IN RACK MOUNT DISPLAY SOLUTIONS

Note: The CAR17 is shown here with its added series features.
