SERIES

PDD1 - T2420L

The PDD Series is a high performance 1U 19" LCD display drawer. It offers monitors with high contrast ratios and wide viewing angles. The display is held open with a proprietary 60 lb pivoting heavy-duty torque hinge, giving it a range of motion from 0 - 120 Degs from closed. The display pivots up to 90 Degs along the monitors center axis. This gives the user 3 directionalities of freedom, allowing the PDD1-T24 to be adjusted to almost any position.

DIT: THE INDUSTRY LEADER IN PIVOTING RACK DRAWER DISPLAY SOLUTIONS
